Help Cameron, Milam County Grow!

The Cameron Herald

All Milam County Reads The Herald

VOL. 103, NO. 12 | All Departments: OX 7-4671 | CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JUNE 14, 1962 | 12 PAGES TODAY

CROWD ATTENDS OPENING -- About 3,000 people attended the open house of the new Newton Memorial Hospital Sunday in Cameron. They viewed the ultra-modern four - wing, 25 room structure following dedication ceremonies led by Emory Camp, Cameron attorney; the Rev. Aubrey F. Russell, pastor of First Baptist Church and snipping of the ribbon by Mrs. W. R. Newton Sr. Dr. and Mrs. W. R. Newton, Jr., and staff members of the hospital were in the reception line and showed visitors the $350,000 facilities. Above are several hundred of the visitors who watched Mrs. Newton officially open the new hospital.

RC Drive Heads For Final Effort

Workers To Call At City Homes

Four women's groups are joining in the city and North Milam-wide effort to raise $3,100 in a crash program for the North Milam Red Cross program.

They will call at Cameron residences from about 6:30 to 7:30 p.m. Taursday (June 14) for contributions to the emergency drive to sustain the North Milam blood program and other Red Cross services.

Completion of the program is hoped for by Friday evening, H. D. Maxwell, county Red Cross chairman said today.

FOUR CLUBS WORK

Cameron Women's groups making residential calls include workers from the Three Arts, Delphian, Fleur - de - lis Clubs and St. Monica's Ladies & Christian Mothers Society. They met for a brief organizational meeting Thursday morning at the Cameron Chamber of Commerce.

Contributions on the Red Cross thermometer on the Courthouse Square in Cameron went over the $1,000 mark Thursday as Cameron Rotary and Lions Club workers continued to turn in contributions from the business community. The thermometer was donated by Cameron Coca - Cola Bottling Co.

Another drive was planned by the Cameron Negro Welfare Council, officials said, to raise about $200 of the Cameron goal of $3,100.

Maxwell reported that Maysfield exceeded its $100 goal by $25 and was the first community to complete its drive. Burlington workers turned in about $50 this week.

Maxwell urged workers in all 11 Milam communities to complete their drives and turn in contributions at their earliest convenience to Mrs. Walter Lester, drive treasurer, at the County Superintendent's office, first floor, Milam Courthouse.

The Rev. John Solomon, former pastor of the First Presbyterian Church, Cameron, turned over a check for $53 to the North Milam Red Cross drive Saturday. The wounded Soldier's Fund account raised, but never used in 1942, following a special memorial service It had been in the bank for 20 years, Rev. Solomon told The Herald.

DONATIONS ROLLING

Contributions were coming in from across the business community of Cameron. Civic club drive workers reported that contributors were meeting the drive request for 27 per cent of prior North Milam United Fund pledges.

Top drive worker thus far in Cameron was Henry Siebman, Cameron Rotarian, who turned in $229 in contributions early this week.

Bulk of the money goes for Red Cross disaster relief, the blood program now in jeopardy and administrative expense for services through the Rockdale Red Cross office. A parttime worker fills the need for emergency leave aid there.

Communities, their goals and workers are:

North Milam drive workers are: Marak, Mr. and Mrs. Frank Klecka; Buckholts, Mr. and Mrs. James Perry, Mr. and Mrs. Joe Glaser and the Rev. J. A. Pietsch; Ad Hall, Mr. and Mrs. Roy Hensley and Mr. and Mrs. Cornelius Titsworth; Salem, Mr. and Mrs. H. G. Chamberlain, Jerry Nabours, and Mr. and Mrs. Eldon Batte.

Also, Maysfield, Mr. and Mrs. Vaughn Thweatt; Maysfield, Colored, Lillian M. Sadberry and Oscar Gentry; Branchville, Mr. and Mrs. Willis Looney; Branchville Colored, Criss Wells; Ben Arnold, the Rev. William Wertze and Mrs. Buck Kosel; Burlington, Mr. and Mrs. Paul Olbrich and Mr. and Mr Leonard Pelzel.

And, Clarkson, Gladys Matyastik; Baileyville, Mr. and Mrs. Ted Ford and Mr. and Mrs. Richard (Dick) Ellison; and Yarrellton, Mr. and Mrs. Buster Griffin and Mr. and Mrs. Clarence Colburn.

An Editorial

Keep Life Blood Flowing . . .

This is an appeal . . .for a program that is not just a program, but the lifeblood of a modern medical service.

North Milam's blood program functions through the Red Cross and that organization needs $3,100 currently being sought for its support.

Without the North Milam Red Cross, there will be no blood program, this despite commendable contributions of whole blood by Cameron residents.

Forget any objections to drives or causes. Remember that youngsters and oldsters, rich and poor, everyone draws the blood that Red Cross administration makes possible through the Bloodmobile program.

Remember the youngsters who have been saved by the immediate delivery of blood to local hospitals. Remember the accident victims whose lives are saved with Bloodmobile blood. Ask your doctors, your hospital, your ministers where the blood would come from if there were no blood program in North Milam County.

Better yet, ask how much it would cost for a pint of blood, just the blood.

And please remember: Help the spontaneous drive for $3,100 for North Milam Red Cross. Give, as so many already have, what you would have given to the United Fund last fall.

Give to volunteers who call at your home for donations.

If your business or home is not contacted, call OX 7 - 3001, or OX 7 - 4671 or OX 7 - 2541 and a volunteer worker will call on you in Cameron.

In the communities of North Milam County, call your local leaders and workers. They are listed on this page.

When you need blood, it will be there. Will you be there when Red Cross needs you.

103 Milam 49'ers Take Separation Exams

By FML

Read where three men scraped their way out of inescapable Alcatraz Prison, the "rock island" fortress for maximum security convicts.

It makes the breaks out of Milam's Jail mild.

Imagine! Those three boys spent four months scraping through concrete walls to ventilator shafts and made it to the California shore by small boat.

The story we read about the break said it was the first successful attempt among dozens since the U. S. took over the prison 28 years ago.

The question is: How can you stand scraping concrere with spoon handles for four months? We can't even stand somebody's scraping their fingernail over a blackboard once.

103 - 103 - 103

South Milam's Rockdale is holding a three - day "Frontier Days' this weekend, just ahead of Cameron's traditional Western Week, the fourth consecutive one, which is July 6-7-8.

There seems an absolute quantity of Western - type weeks anymore. Bryan is holding one in conjunction with a Centennial: Hearne is planning a third Western deal, about a day long: Rockdale is; and of course Cameron.

The big attraction that started ours was the Cameron Horse Show. Reducing the actual celebration to three days should give ample time for the special attractions, parade, contests and such for another successful Western Week here.

103 - 103 - 103

Response has been immediate and wonderful in the Cameron and North Milam area to the request for funds for the Red Cross and its blood program. For as quickly as workers are making their calls, they are receiving wholehearted response from businesses and community residents.

We hope that the 11 North Milam Communities will meet their individual goals established for the drive by the weekend with additional contacts certainly would be a good report for the North Milam area.

FORT POLK, LA., — Cameron members of the 49th Armored Division, eyeing an August release from active duty, are now receiving final physical exams for separation.

The U. S. Army Hospital at Fort Polk, tabbed for the chore of performing out - processing examinations on some 20,000 Reservists a National Guardsmen here, conduct the checkups at a rate of 60 per hour. All examinations will be completed by June 30.

Present plans call for the 49th, made up of some 10,000 Texans in 95 units from 74 Texas cities, to begin the trek back to Texas August 6-7. The units are due for release at midnight on August 9.

Training for some 100 men of Company C, 3rd Medium Tank Battalion, 112th Armor, called to active duty last fall at the height of the Berlin crisis, is being conducted as usual. Range firing, Army Training Tests and an expected Strategic Army Corps mobility-test fill the training schedule.

The mobility test will be designed to check the deployment posture of the division which has been assigned to the III STRAC Corps since February. STRAC forces remain in a constant state of readiness for immediate deployment anywhere in the world on a moments notice.

Major General Harley B. West, the division commander, has stated that a normal training schedule will be followed until July 15, at which time the men will concentrate on the movement home.

A maze of administrative work required for each individual's release - faces personnel sections. They are now churning through multiple forms of everything from requests for shipments of household goods to the ever - important individual service record.

By the time August arrives, personnel officials will have initiated 23 separation forms on each man in addition to bringing the approximately 25 existing forms up to date.

Members of the division when it was mobilized will return to Texas with their units. The 4,000 individual reservists recalled to active duty to bolster the division's strength will be released here concurrently.

Army officials term the mobilization of National Guard and Reserve units the most efficient partial mobilization in American history.

CONGRATULATIONS, OLLIE! Ollie Chamberlain, of Cameron, receives a check from C of C President E. O. Schiller, Jr., at a surprise visit with Chamber officials. Chamberlain received a check for winning the Cameron slogan contest with the entry "Cameron, -- Little Jewel on Little River," "Ollie Chamberlain Day" is being cited Friday in Cameron and he will be a special guest of the Cameron Chamber board of Directors tomorrow. He will receive a plaque commemorating the event at the 1963 Chamber banquet.

Child Improving After Serious Burns

Helen Soriano, 2½ year old daughter of Mr. and Mrs. J. D. Soriano of Cameron, is improving in a local hospital from serious burns received last week in her home.

Doctors reported that she suffered first and second degree burns when she fell into a small washtub filled with hot water. She suffered burns over one third of her body.

Methodists Honor Rev., Mrs. Strong; New Pastor Here

The Rev. and Mrs. E. Jewell Strong were honored at family night Wednesday at the First Methodist Church prior to his accepting the pulpit of the First Methodist Church of Crockett Sunday.

Succeeding Rev. Strong in the Cameron First Methodist Church will be the Rev. C. A. West, pastor of First Methodist of Crockett. Rev. and Mrs. West will move to Cameron this week when he will assume pastoral duties Sunday.

Rev. Strong has served the First Methodist Church here for two years, coming to Cameron from Mineola.

A special presentation in appreciation of Rev. Strong's service here was made by the First Methodist Church membership Wednesday.

Rev. Strong has served in Mineola, Rusk and a number of other East Texas churches prior to his pastorate here. He is a graduate of the Southern Methodist Univers sity with a degree of bachelor of of the Southern Methodist Univerdivinity.

W W Events Told; Horse Shows Set

Days of the Old West are coming to Cameron again, July 5, 6, and 7 when Cameron's Western Week will be in full swing.

Entertainment for the week include several skits on streets and sidewalks; Pete, the Tramp, a clown and magician, will perform two shows; a twist contest; best dressed cowboy and cowgirl contest and buggy rides for the children each day.

A mystery cowboy will haunt the city until some lucky person names him. A shetland pony will be given away. Other events will be the Western Week Queen Contest set for July 7, a show consisting of local talent, a sing song of old Western songs and a street dance.

Western attire will be the dress for the three day celebration over town. Bill Tolson, chairman of the trade development committee of the Chamber of Commerce extends an invitation to everyone in Milam County to come to Cameron during Western Week and join in each event.

The Gaited Horse show is scheduled for July 7 and the Quarter Horse Show will be held July 14. Classes and a further schedule wil be published at a later date.

Rites Performed Wednesday For Mrs. Scarborough

Funeral services for Mrs. J. H. Scarborough, 83, were held 3 p. m. Wednesday at the First Baptist Church with Rev. Aubrey F. Russell officiating. Burial was in Oak Hill Cemetery.

Mrs. Scarborough, born September 14, 1878 to Adam J. and Prudence Walker Hall, died in a local hospital Monday afternoon. She had lived all her life in Milam County and was raised in Ad Hall Community which was named for her father. She moved to Cameron in July 1951 after her husband passed away.

In her early life she was a member of the Methodist Church in Ad Hall but later joined the First Baptist Church in Cameron. She was the last survivor of a family of 10 children. She was married to J. H. Scarborough Dec. 25, 1895.

Surviving are four daughters, Mrs. Oscar Pattillo, Mrs. Bob Bailey and Mrs. Joe Heitman all of Cameron and Mrs. Loyce Phillips of Gladewater; one son Feaster H. Scarborough of Cameron; eight grandchildren and 11 great grandchildren.

Pallbearers were Lester Turner, Starrett Hickman, Ernest Burkes, Buck Angell, George McGehee, Luther Carleton, H. H. Chamberlain and Clarence Colburn.

Marek - Burns Funeral Home was in charge of arrangements.

Case Settled Out Of Court

The civil case of Wayne Decker vs. Wade Augustus Brooks, et al, Monday was settled before the suit went before a jury in Milam District Court.

Both parties settled the case prior to call Monday morning.

Decker was seeking damages totaling $179,000 for injuries suffered in an auto accident during July, 1961, in which Decker's sister and a friend were killed.

The settlement was for about $15,000, officials said.

Funeral Services For Mrs. Meta McCown

Funeral services for Mrs. Meta Thompson McCown were held Friday at the First Presbyterian Church, Cameron at 4 p. m. with burial in Oak Hill Cemetery. Rev. Eugene Strickland officiated with Green's Funeral Home in charge of arrangements.

Mrs. McCown was born in Corinth Miss. Dec. 28, 1872. Her parents were John Franklin and Mary McCalla Thompson. The family moved to Cameron in 1886.She graduated from Stewart Seminary at Austin and was married Jan. 9, 1902 to Robert L. McCown at Cameron.

Preceeding her in death were her husband and son John Franklin. She is survived by two daughters, Mrs. A. J. Montgomery, of Issaquah, Wash., and Mrs. Harry Tag of Cameron with whom she made her home and one son Robbert L. McCown of Ennis. Three grand children also survive.

Mrs. McCown served as Deputy County Clerk during the administrations of Miss Lillian Atkinson and Homer Nabours.

She was a devoted member of the Presbyterian Church and for many years taught Sunday School. She was a leader in the work of The Women of the Church serving as President, Secretary and other offices in that body.

Pall bearers including Elders and Deacons of the First Presbyterian Church were Dayton McLane, Alvin Dusek, Carl Black, William Moran, Melvin Ford and Albert Collins. Honorary pallbearers were Morris Eplen, August Gurecky, John Hayes, Lester Williams, Richard Williams, Ivan Vogelsang and J. E. Johnson.

15 Miles Of Road Due Improvement

BRYAN — The Texas Highway Department has announced the following 15 miles of improvement projects in Milam County:

SH 36 - From juncture with US. 77 to intersection with US 79;

US 77 - From Cameron Southeast to Jct. SH 36;

US 79 - From 1 mile east of Milano to 3.63 miles east of Milano and

US 79 - From 3.63 miles east of Milano to 4.14 miles east of Milano.

The construction will consist of additional surfacing or level up. The Texas Highway Department and the contractor, Dobbs and Wed egartner, Inc., of San Benito, stated that the construction will begin June 18 and will be completed in approximately 10 working days.

C. B. Thames, District Engineer of the Texas Highway Department in the Bryan area, explained that traffic will be routed along the existing surface and on the shoulders.

Thames pointed out that adequate barricades and warning signals will be prominently displayed, but motorists should be extremely cautious in passing through the area as it will be heavily traveled by large highway construction equipment. Flagmen will be provided for the protection of motorists and workmen alike. The entire length will be patrolled to minimize inconvenience to motorists.

Co - operation of the public is requested in obeying all traffic signals, warning signs and speed zones, Thames said.

10 Per Cent Increase

Commission Votes Raise

The County Commissioners Court Monday voted unanimously for a 10 per cent raise for county and district elective officials, the first since 1955.

The raise would mean additional pay of about $6,200 per year to 19 officials including eight constables, four commissioners and other elective offices.

County Judge Don G. Humble said it was a cost - of - living raise and was possible because surplus funds have been gained by reducing other expenditures in county govemnment.

Following is the old annual salary schedule which was increased by the 10 per cent raise: County judge, $6,054.18; sheriff, $5,500; district clerk, $4794.50; county clerk $5,576.34; county attorney, $5,576.34; assessor - collector, $5,843.64; county commissioners, each -- $4,800 and constables each about $750 per month average.

Judge Humble said there has been no increase in the tax rate of 95 cents per $100 valuation and no increase in valuations.

He also noted that 53 county employees had each received a $30 per month salary increase June 1, 1961.

V. L. Angell, president of the Milam Farm Bureau, attended the Monday morning public hearing on the salary proposal and objected to the raises. Also asking for no increases was R. L. Batte, Jr. of Cameron.

A delegation of about 20 Milam Home Demonstration members appealed for a salary increase for the post of home demonstration agent, now vacant. Consensus of their request was that they felt a better salary would attract applicants to the post.

Judge Humble told The Herald that the post now pays $5,460 per year plus a $600 travel allowance. The county pays $1200 of the salary and the travel fund while the state pays the balance of the salary.

The County Judge noted that existing statutes provide authorization for as much as $8,500 for elective offices in a county of 22,000 population. Milam County has more than 22,000 population.

On Milam's Farms And Ranches

News About Milam Farmers, Their Interests, And Activities

Farmers Apply For SS Benefits

Durelle L. Allen, district manager of the Temple Social Security Office, stated today that a large number of farmers under age 65 filed for social security benefits in 1961.

Many of this group can now have their benefits refigured and receive an increase if they farmed in 1961. He explained that, in figuring these farmers' benefits some years had to be used in which they had no earnings. The year 1961 can be substituted for one of these years and this may result in a higher benefit.

Those farmers who had no social security credit before the year 1955 and who applied for benefits before they reached 65 fall into this group.

Allen explained that by writing to the Temple office and including the 1961 tax papers, the office can check the farmer's social security record to determine whether or not the benefit rate will be increased, thereby saving the farmer having to wait to see the representative.

A representative of the Temple office will be in Cameron at 102 West Main at 9:00 a. m., Tuesday, June 19 and 26.

Bagworms Can Cause Damage To Trees, Plants

COLLEGE STATIO N— Bagworms are now occurring in rather large numbers on trees and other plants in many parts of the state. This insect is a general feeder and can cause serious damage to certain trees, especially evergreens, points out C. F. Garner, extension enthomologist.

At this time, the worms are small and can be successfully controlled by proper spraying or dusting of the plants with insecticides. It is important to apply chemicals early enough to control the worms before they become too large and cause serious damage, adds Garner.

He suggests a check of all plants around the home, especially evergreens for the sprindle - shaped sacks which may be hanging from the twigs, leaves and branches.

The following insecticides are recommended for bagworm control. Malathion (50 per cent emulsifiable concentrate 1 to 1 ounces per 5 gallons water), Toxaphene (60 per cent emulsifiable concentrate, 2½ ounces per 5 gallons water; or lead arsenate (2½ to 3 ounces per 5 gallons water).

In addition to these materials there are several brands of combination sprays (two or more insecticides combined together) on the market which will give good control of bagworms as well as other pests. One of the common combination sprays contains malathion plus DDT. Combination sprays and other insecticides can be purchased from any store or business establishment which handles household or agricultural chemicals, says the entomologist.

Sprays are preferred over dusts and the label instructions should be followed for mixing and using insecticides, cautiins Garner.

Several different types of hand sprayers are available which can be used for applying the sprays. The common types are the compressed air sprayers, trombone sprayers and garden hose attachment sprayers.

Insecticides are poisons and shoould be handled with caution follow safety directions listed on the label and keep children and pets out of the treated area. After spraying, wash the grass to remove the chemical residue, advises Garner.

County Agents Notes...

Cattle Prices Hold Own Now

By J. D. Moore
Milam County Agent

The weekly pattern of federally inspected cattle slaughter the first quarter of this year has been similar to that of last year. But, federally inspected slaughter in the first three months of 1962 was 4 percent above a year ago.

Cattle prices have shown a firmer demand situation than in the first quarter last year. In spite of the decrease in slaughter from January to March last year, prices weakened. This year, prices started to rise as the weekly rate of federally inspected slaughter dropped in early Feb.

Beef production during the second quarter of this year is expected to be below year ago levels. The April 1 inventory of cattle on feed in 26 states reported having one per cent more on feed in these same states April 1, 1961. However, the total of steers over 900 lbs and heifers over 700 lbs. in this April 1 inventory was down 5 per cent from the number in these weight groups this Jan. 1 and 9 per cent below April a year ago. These weight groups, steers and heifers, accounted for at least 60 per cent of the marketings during the second quarter last year and first quarter this year.

Feed lot operators reported intentions to market 2 per cent fewer head this year than last during the second quarter out of this year's April 1 inventory of cattle on feed. Also, with the number of cattle on feed in the heavier weight groups down 9 per cent from last April, feeders will have to dip into the lighter weight groups for a larger number of cattle to make up the difference.

Even if marketings equal year ago levels for the second quarter of this year, beef production will probably be below the second quarter last year by more than 2 per cent represented by marketings intentions. It appears that beef production might be as much as 4 per cent below a year ago – unless cow culling increases sufficiently to make up the difference. However, in this case, the effect would be noticeable, mostly in prices for the lower grades of slaughter cattle.

PRICE PROSPECTS IMPROVED

Fed cattle situation points toward some price improvement over second quarter of 1961. Prices for slaughter grades US Good and above are probably now near or just past their peak for this year, and likely will work lower during June.

Fed Cattle situation points toward some price improvement over second quarter of 1961. Prices for slaughter grades US Good and above are probably now near or just past their peak for this year, and likely will work lower during June. However, a sharp break similar to the $3 drop (from 25½ to 22½ per lb.) that occurred in choice slaughter steer prices during the second quarter of last year does not appear probable this year. The price decline between now and the end of June is expected to be rather nominal with the margin over last year's price widening during the next 54 days. At the present time, good slaughter steers have been sold at Fort Worth during the past four weeks.

CALF SLAUGHTER DOWN

Commercial calf slaughter in the first quarter of this year was five per cent under last year while prices have been equal to or a little below last year levels. The reduction in number slaughtered can be attributed to the decrease in the size of the milking cow herd but the premium paid for feeder cattle is still drawing many steer calves into feed lots. Calf slaughter for 1962 is not expected to differ significantly from last year. Slaughter calf prices in 1961 followed a rather smooth pattern without a great deal of fluctuation between the high and low. Good to choice slaughter calves peaked out in April and May 1961 near 25½ per lb. and a low of 23.75 cents per lb. in August then recovered back to 25 cents by December at Ft. Worth.

LOWER CATTLE PRICES DUE

With 7.2 million head of cattle on feed in 26 states April 1, and 3,376,000 head of these intended for slaughter during this quarter, the carryover of the April inventory into the July 1 inventory of cattle on feed would be up 4 per cent from last year. Placements of cattle on feed this quarter will also have an important bearing on the volume of fed cattle marketing during the third quarter.

If fed cattle marketings are considerably larger in the fall period as a result of placements on feed this spring and the carryover from April 1 inventory of cattle on feed, then prices likely will be under time. This would bring large quantities of feed cattle on the market at the same time that we reach the seasonal peak of slaughter of looks as though prices this year may work to a low point in October and November.

Milam ASCS Report

Premiums and discounts to be used by the Commodity Credit Corporation in making loans on eligible qualities of upland cotton under the 1962 cotton price support program were announced May 16 by the U. S. Department of Agriculture, according to Alva E. Sanders, County Office Manager of the Milam County Agriculture, ,Stabilization and Conservation Service. As under the 1961 program, premiums and discounts are provided for all official grades of upland cotton.

As announced February 15, the minimum loan rate for Middling 1-inch upland cotton at average location will be 32.47 cents per pound, gross weight. On the basis of the 1962 Schedule of Premium and Discounts and the average production of each quality for the period 1956 through 1960, the minimum loan rate for Middling 1-inch cotton is 59 points above the national average support price as estimated earlier. Therefore, the national average support price will remain at 31.88 cents per pound.

Schedules showing base loan rates for Middling 1-inch cotton at each approved warehouse will be issued later.

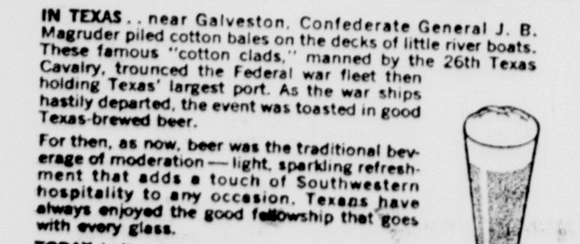

Marketing quotas will be in effect for the 1962 - crops of upland cotton and extra long staples cotton. A producer will be eligible for price support on the 1962-scrops of cotton produced on his farm if he has complied with the farm acreage allotment established for the kind of cotton planted on the farm.

As under the 1961 program, cotton price support loans will be made by persons and firms which meet requirements prescribed by USDA's Commodity Credit Corporation and which have entered into agreements with CCC to make loans to producers. For the first time since the 1952 program, they will also be made by Agricultural Service count offices, according to Sanders.

Loans will be made through April 30, 1963, and will mature on July 31, 1963.

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862.. the same year that

IN TEXAS.. near Galveston, Confederate General J. B. Magruder piled cotton bales on the decks of little river boats. These famous "cotton clads," manned by the 26th Texas Cavalry, trounced the Federal war fleet then holding Texas' largest port. As the war ships hastily departed, the event was toasted in good Texas-brewed beer.

For then, as now, beer was the traditional beverage of moderation — light, sparkling refreshment that adds a touch of Southwestern hospitality to any occasion. Texans have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

Texas Division
UNITED STATES
BREWERS ASSOCIATION, INC.
Austin

SEVIN is a registered trade mark of Union Carbide Corporation.

Boll weevils used to be the undisputed No. 1 insect enemy of cotton growers. But bollworms are now just as destructive in many cotton fields.

SEVIN insecticide controls boll weevils and bollworms, and a score or more of other insect pests of cotton. And even where boll weevils have developed resistance to other insecticides, SEVIN stops them. Just *sock 'em with SEVIN* to destroy weevils and worms!

You get other important benefits with SEVIN. It is long-lasting, so you get consistent kill of insects with a minimum number of applications. SEVIN combines readily with emulsifiable concentrates if needed for mite and aphid control. SEVIN retains its power through extreme heat and bright sunlight. You don't have to worry about not spraying or dusting every third day when you use SEVIN for better insect control. And SEVIN does not delay maturity of cotton, so you can aim for big, early harvests.

SEVIN is safer to humans than many other insecticides. Spray men don't need special protective clothing, and workers can go back into the fields soon after application of SEVIN. Just follow normal precautions.

Spray drift problems are minimized with SEVIN. When you follow label directions for use, SEVIN residues are no problem on forage, fruit, field or vegetable crops grown nearby. In fact, SEVIN can be used to control 150 different insect pests on 50 different crops, including webworms, midge and armyworms on sorghum. Livestock can pasture forage next to a field treated with SEVIN on the day of application. SEVIN residues do not show up in the milk or meat of livestock.

Start now to grow a bigger, more profitable cotton crop the simpler, safer SEVIN way. See your supplier for SEVIN. Or write for information to Union Carbide Chemicals Company, Division of Union Carbide Corporation, 270 Park Ave., New York 17, N. Y.

PARTNER IN TEXAS PROGRESS FOR 50 (1912 ☆ 1962) YEARS

There's been a lot of water under the bridge since TP&L began operations a half-century ago. Its life span has witnessed two World Wars, and a growth of Texas population from a little over 4 million to more than 9½ million.

Through this 50 years, Texas has seen a great development of industry, including major advances in oil and its by-products, glass, steel, aircraft, food products, aluminum, electronics and chemical manufacturing.

During this half-century, Texas Power & Light Company has been a partner in Texas' progress. It has developed a widespread system of electric generating stations, transmission lines and other facilities to serve the increasing needs of North, Central and East Texas. All the while it has been one of the principal tax-payers of the area and a major partner in community, agricultural and industrial development.

From a small beginning serving some 15,000 customers in 1912, TP&L has always kept ahead of electrical needs of the area it serves. Today, it serves more than 380,000 customers, has about 21,000 miles of electric lines and a power capability of more than one and a half million horsepower. Plans are also on the drawing board for future expansion.

All this half-century of serving and building has been accomplished through the use of private investments. Not a penny has been advanced by the government. In this period the Company's Federal Income Taxes amounted to more than 140 million dollars.

Texas Power & Light Company in this, its Golden Anniversary year, pledges a continuation of its role in helping to make Texas grow and prosper and to provide dependable, economical electric power to the people it serves.

Mrs. William Gilbert Dase, Jr.

Lester Dase Vows Repeated Here Sat.

In a candlelight ceremony at the First Methodist Church Saturday evening, Miss Jean Ray Lester, daughter of Mr. and Mrs. Raymond Vardman Lester, and William Gilbert Dase, Jr. son of Mr. and Mrs. William Gilbert Dase of Roswell, N. M., were united in marriage before an altar banked with white gladiolus and white spiral candles in gold candlebras. Rev. A. F. Russel perfomed the double ring ceremony assisted by Rev. E. J. Strong.

Traditional wedding music was furnished by Mrs. Donald Goddette of Pascogoula, Miss. at the organ and Miss Margaret Young sang "My Own True Love."

Miss Verlene Cochran of Buckholts was Maid of Honor and Misses Marilyn Hughes of Ft. Worth, Mary Kestenbaum, Vera Ann Perrin, Suzanne Lippman, and Sherry Ann Dase of Roswell, N. M. were bridesmaids.

Given in marriage by her father, the bride wore a full length gown of peau de soie over taffeta with bodice of French imported lace over taffeta, featuring an oval neckline with V back and tapered sleeves. The bride's train was imported lace. Her veil of French illusion net was shirred onto a crown of seed pearls. The bride carried a cascade bouquet of white phalaenopsis orchids centered with a large white cattleya orchid. Her jewelry was white cultured pearls, a gift of the groom.

For something old the bride wore the groom's great-grandmother's gold wedding band; for something new, she carried a penny; for something borrowed, she wore her mother's pearl earrings; and for something blue, a garter.

Her attendants were attired in identical street - length dresses of pale blue silk organza over taffeta featuring sheath lines with pleated overskirt and oval neckline with square back. Their hats were widebrimmed with tiny crowns and they wore short white kid gloves and white shoes. They carried cascade bouquets of white king asters with blue satin leaves.

The flower girls were Miss Melissa Ann Lester, daughter of Mr. and Mrs. Jimmy Lester of Cameron, and Miss Kelly Menger, daughter of Mr. and Mrs. Carl Menger of Houston. They wore pale blue silk organza over taffeta with oval neckline, bouffant skirts and pleated cummerbunds, with hats to match and carried baskets of white petals.

The ring bearer was Master Jay Wiggs, son of Mr. and Mrs. James Wiggs. He carried the rings on a white satin pillow trimmed with lace.

Wayne Long of Roswell, N. M. served as best - man. Groomsmen were Sam Hunter of Roswell, N. M.; Jimmy M. Lester and Lee W. Marek, Jr. of Cameron, Tom Zachary of Waco and Carl Menger of Houston.

The bride's mother wore a sheath of blue chiffon over taffeta with matching hat and shoes. Her corsage was a white cattleya orchid.

The groom's mother chose a mauve silk organza over satin sheath with matching hat and shoes, and her corsage was a white cattleya orchid.

White goddess gladiolus centered the serving table for the reception in the Fellowship Hall of the Church. The table, draped in net caught with for - get - me nots, over white taffets, held a four tiered wedding cake with pedestals between each tier and decorated with spun sugar flowers, bells and tulle. Baskets of white gladiolus decorated the reception hall.

Miss Marsha Dell Siebman registered guests. Others in the houseparty were Misses Annette Russell, Annette Dodd, Jaynie Lewis of Ft. Worth Rebecca Harden, Betty Kestenbaum, Helen Ried, and Mrs. Allen Boyer of Austin. Mrs. Winnie Wittliff furnished organ music for the reception.

For their wedding trip to Ruidoso, N. M. the bride wore a pure silk suit in beige with multicolored bag and shoes, beige hat and gloves.

The bride is a sophomore in Elementary Education at New Mexico State Univeristy and attended Texas Christian University in Ft. Worth her freshman year. She is a member of Alpha Delta Pi Sorority. The groom is a junior in Mechanical Engineering at New Mexico State Univeristy, a Cadet 2nd Lt. in AFROTC and a member of the Arnold Air Society.

They will be at home at 1225 Third St., Las Cruses, N.M. after their honeymoon.

Mrs. J. V. Eanes spent the weekend in Waco visiting her parents Mr. and Mrs. J. R. Richardson.

La Velle Fischer Given Shower Sun. In Dudnik Home

Miss LaVelle Fischer, bride-elect of Stanley J. Glaser was honored with a miscellaneous bridal shower Sunday afternoon in the home of Mrs. W. C. Dudik of Buckholts.

Cohostesses with Mrs. Dudik were Mrs. L. A. Abel, Mrs. Johnnie Balusek, Mrs. Arnold Jungmann, Mrs. Hulda Pagel, Mrs. Hubert Reese, and Mrs. Frank Ruzicka. Guests were greeted at the door by Mrs. Dudlik. Mrs. Joe Dean Zajicek, sister of the bride-elect, registered the 125 guests in the bride's book at a mahogany table accented with an arrangement of yellow gladioli and blue carnations

With the honoree in the receiving line were her mother, Mrs. Edwin F. Fischer, the future bridegroom's mother, Mrs. Joe Glaser and his paternal grandmother, Mrs Fritz Glaser.

Bouquets of white daisies were placed at vantage points throughout the party rooms. The bride-elect's chosen colors of ice yellow and heavan blue were used in the other decorations.

The tea table was laid with an imported lace cloth over yellow taffeta and centered with a floral arrangement of blue carnations, yellow tinted fern and yellow net. Yellow lovebirds complimented the centerpiece and blue satin streamers with the inscription "LaVelle-Stanley -- June 30th" in silver flowed from it. Flanking the centerpiece were two three - branch candelabra holding blue burning tapers. Blue bows decked the table corners and a blue umbrella on the center front of the cloth completed the decorations. Appointments were silver and crystal.

Miss Joyce Hannon and Miss Shirley Jungman served the white iced cake squares topped with a light blue rose and Miss Daisy Henderson and Miss Carolyn Von Gonten served the pineapple sherbert punch.

Miss Ruth Ann Whittington, Miss Kathryn Svetlik, Miss Judy Reese, and Miss Aileene Pilling assisted with the gifts.

Others included in the house party were Misses Brenda Pick, Janet Marek, Portia Smith, Latricia Marek, Rebe Marek, Mrs. Arnold Marek and Mrs. Elsie Wagenfuehr.

The hostesses presented the honoree with a corsage of white carnations and lily - of - the - valley.

Lucille Jistel, Bride - Elect Given Bridal Shower Sun.

Miss Lucille Jo Jistel, bride-elect of Clarence Heiner was honored with a miscellaneous Bridal shower Sunday afternoon from 2:30 to 4 at the Simon - George Memorial Hall.

The bride's chosen color of toast was used in decorations. The refreshment table was covered with a white lace table cloth and was centered with a floral arrangement. Small toast colored cake squares were served with green fruit punch and mints. Plate favors were used with the inscription. "Lucille and Clarence, June 16, 1962" were used.

The bride - elect wore a tangerine colored dress and was presented with a white carnation corsage from the hostesses.

Special guests were Mrs. Hubert Jistel, mother of the bride - elect, and Mrs. Jacob Heiner of Gatesville, mother of the prospective groom.

Hostesses were Mrs. Richard Jitel, Mrs. Hugo Hollas, Mrs. Louise Kostroun, Mrs. Jerry Kostroun, Mrs. Frank Klement, Mrs. Herman Bayer, Mrs. Alfred Barta, Mrs Ervin Hollas and Mrs. Robert Foster.

Approximately 65 guests registered.

INTRODUCING

Mr and Mrs. James Posey of Alexandria, Virginia have a new son, born May 26. His name is David Patrick and he is welcomed by two brothers, Michael and Jimmy. His grandparents are Mr. and Mrs. Ross Posey formerly of Cameron, now of Deer Park, Texas and Rear Admiral and Mrs. Robert Lee Cronin of Washington, D. C.

Loraine Caroline Wohleb

Mr. and Mrs. Seraphine Wohleb announce the approaching marriage of their daughter, Loraine Caroline, to Tommy Ray Mitchell, son of Mrs. Ethel Mitchell of Gause. The wedding will be July 7 in St. Monicas Catholic Church.

Mrs. John William Solomon

John Solomon Weds Dallas Girl Friday

Miss Marcia Wallace of Dallas and John William Solomon of Houston were united in marriage Friday in the Preston Hollow Presbyterian Church in Dallas.

The bride is the daughter of Mrs. Sawyer E. Wallace and the late Sawyer E. Wallace of Dallas. The groom is the son of Rev. and Mrs. John C. Solomon of Houston, former residents of Cameron.

The bride was attired in a silk organza dress with a fitted bodice, a scooped neckline outlined with taffeta leaf appliques and a bouffant skirt extending into a chapel train. A crown of white silk organza roses which held a veil, was of white illusion. Her bouquet was of white roses.

Alleane Taylor of Dallas was maid of honor and Mrs. Janet Milton of Dallas was bridesmaid. Jim Walls of New Orleans and Frank Hayward of Houston were groomsmen. Ushers were Keeton Barnes of Houston, Tim Block, Sammy Moore, John Marshall all of Dallas ,Tommy Lowe of Freeport and Bruce Patterson of Houston.

The bride is a graduate of Hillcrest High School in Dallas and Austin College in Sherman. She was president of Delta Phi Sorority, president of Student National Education Association and a member of Alpha Psi Omega.

The groom graduated from Yoe High School in Cameron and Austin College in Sherman. He is now attending Austin Presbyterian Seminary in Austin. He was a member of Phi Sigma Alpha Fraternity, Who's Who in American Colleges and Universities, President of the Senate at Austin College and a member of Alpha Psi Omega.

INTRODUCING

Born June 3 to Mr. and Mrs. R. W. Maguire II, Cameron, a girl, Elizabeth, seven pounds 6 ounces, at St. Edwards Hospital.

Grandparents are: Mr. and Mrs. J. A. Kotrola, of Cameron and Mr. and Mrs. R. W. Maguire of Casper, Wyoming.

Marilyn June Myers, a 8 lb., 4 oz. girl born June 9 to Mr. and Mrs. Eddie Myers of Cameron.

Bridal Shower For Miss Piske

Miss Bernice Piske, bride-elect of Thomas Rogers, was honored with a miscellaneous shower in the study hall of the Sharp school Wednesday night.

Hostesses were Mrs. J. D. Stephans, Mrs. Emory Brokenbush Mrs. V. M. Mitcham and Mrs. F. D. Voyles.

Katherine Ottmar registered the 40 guests.

The refreshment table was laid with a white lace cloth over pink and was centered with an arrangement of pink rosebuds. The names Bernice and Tommie were embossed in pink on white satin streamers.

Alice Marie Ottmer poured the punch and served the pink and white cake squares.

Mrs. Sammie Ferguson and Mrs. Albert Kohring directed the games

Mrs. Thelma Piske and Mrs. Jimmie Ferguson, mother and sister of the honoree were special guests.

Miss Fuchs Given Kitchen Shower Here

Miss Jeanette Fuchs was honored by Mrs. Monroe Fuchs Friday with a kitchen shower at Mrs. Fuchs' home.

Arrangements of daisies decorated the party rooms and on the buffet a gilded branch was hung wit hminature pots and pans.

Misses Betty Kestenbaum, Joyce Fuchs, and Rebecca Fuchs served 26 guests with cake, punch and salted nuts.

Janet Fuchs presented the honoree with a cart of gifts.

MISS LESTER HONORED

Mrs. S. A. Cottle and Mrs. Thomas Hickerson of Rosebud honored Miss Jean Lester Thursday at the home of Mrs. Cottle.

The tables were covered in light blue and centered with blue centerpieces. Mrs. Cottle and Mrs. Hickerson presented Miss Lester with a corsage and a sliver pitcher.

Mr. and Mrs. Littleton Barrett and Mr. and Mrs. Jerry B. Schiller and Marcia spent several days last week vacationing in Corpus Christi.

Former Resident Receives Award

Mrs. Jack W. Walker was the recipient of the $50 Pauline Brown English award presented at the A & I College annual Recognition Day in Kingsville recently.

Mrs. Walker is the former Sammie Markham, daughter of Mrs. Florence Markham of Cameron.

Personals

Mrs. Florence Markham has returned from a two week visit and vacation with her daughter Mrs. Jack Walker in Kingsville.She also spent some time in Reynosa Mexico, Corpus Christi and Taft.

Mr. and Mrs. Edgar Westalzke and four daughters of Virginia spent two weeks with her parents Mr. and Mrs. D. S. Wimberly.

Mrs. Bill Hinton and Mrs. Sadie Blackbon of Crosby spent the week visiting relatives in Cameron.

Mrs. D. V. Byrd of Rockdale visited Mr. and Mrs. J. V. Eanes Thursday.

4TH AT TRAVIS — CAMERON, TEXAS

Herald Editorial Page

'Little Jewel On Little River'

Cameron's new slogan links this city with the major landmark of the area as well as adding "sparkle" to the traditional slogan of "Cameron, the Friendly City."

The new slogan, submitted by Cameron native Ollie Chamberlain, is: "Cameron, Little Jewel on Little River."

The 1960's require sparkle and memorable attraction. Chamberlain's winning slogan captured it. Friday will be "Ollie Chamberlain Day" in Cameron. He received a check from the Cameron Chamber of Commerce and will receive a plaque commemorating the event at the 1963 Chamber banquet.

As it happens, historic Cameron is the only city on Little River. It is approriate that Cameron be identifed with that landmark.

We congratulate residents of Cameron and vicinity for their wide interest in the Chamber's slogan contest. More than 200 entries were received, Chamber officials reported. And Chamberlain's entry had to be good to win. The interest in the contest tells a story of growing enthusiasm for Cameron's future development.

Blessed with good geographic location, abundant rainfall, Little River itself as well as other streams in Milam County, hard - working people and a record of continuing improvement, Cameron is on the threshhold of greater development through improved agriculture and renewed efforts for industrial location.

The same enthusiasm for a new slogan can lend itself well to bringing Cameron further along the road to necessary growth, based on the stability that has always been ours.

We must realize that Cameron is a "Little Jewel on Little River".

Demos Rallying For GOP Test

By Vern Sanford

AUSTIN — For the first time since 1872, Texas Republicans are presenting a strong threat to capture statewide and legislative offices from the Democrats.

Following his nomination for the Governorship on the Democratic ticket, John Connally took immediate steps to meet the challenge with a united front.

Connally invited all Democratic nominees for state and legislative office to a barbecue to be held on June 16 at his family ranch near Floresville. Purpose: to make some campaign medicine.

Saturday's outing will launch the campaign for the November 6 general election.

Jack Cox of Breckenridge, the republican nominee for governor, is backed by a slate of 29 nominees for the 23 seats in Congress; 15 candidates for the 31 state senate seats, and 86 candidates for the 150 house seats.

Also there are candidates for county and precinct offices in many counties.

Lined up with Connally will be Waggoner Carr of Lubbock for attorney general, opposed by T. Everton Kennerly of Houston; Preston Smith of Lubbock for lieutenant governor, opposed by O. W. (Bill) Hayes of Temple; Jerry Sadler of Palestine for land Commissioner, opposed by Albert Fay of Houston; John C. White of Wichita Falls for agriculture commissioner, opposed by Harry Hubbard of Marfa; Ben Ramsey of San Augustine for railroad commissioner, opposed by Bernold M. Hanson of Midland; Jesse James of Austin for state treasurer, opposed by Allen Lacy of Abilene; and Robert S. Calvert of Sweetwater for comtroller, opposed by Mrs. Hargrove Smith of Houston. Republicans are not contesting judicial seats.

The Constitution Party has also fielded a slate of candidates for state office, all but one of them from Houston.

SPEAKERSHIP

One of the more important offices in state government is the speakership of the house. Unlike the Senate, however, the people have no voice in the selection.

The speaker is elected by the 150 members of the house. Rep. Byron Tunnell of Tyler laid out the names of 95 Democratic nominees who have pledged to support him, and called on his opponents for the speakership to withdraw.

Rep. C. W. Pearcy Jr. of Temple did. Another opponent, Rep. Ben Glusing of Kingsville, was defeated in the runoff primary, so he no longer is eligible. Rep. Alonzo Jamison of Denton remained in the race. He had claimed 61 pledges.

FACULTY FIRING

Dr. Rupert C. Koeninger's firing as professor of sociology at Sam Houston State College may cause Texas to be "blacklisted" by the American Association of University Professors.

No reasons were given when the board of regents for state teachers colleges fired Dr. Koeninger. Also no criticism of his teaching ability was brought out at the hearing.

The college professors assication does not employ a strike or a picket line when it feels a professor has been done wrong. It merely "blacklists" the school by giving notice to other college teachers that it is not the best place to accept employment. Gradually, over the years, faculty members who feel Koeninger was done wrong will accept jobs at other schools which are not on the "blacklist".

IN THE RED AGAIN

Heavy payments of state aid to the schools in May pulled the state's main checking account — the general revenue fund — into the red again.

When May started, the deficit was $73,934,636. But heavy collections of corporation and insurance taxes wiped out the deficit, which has been present for nearly four years. This put the fund into the black by the middle of the month.

But when the school payments came due, it pulled the fund $9,391,462 into the red at the end of May. Early June expenditures made the deficit $28,015,980. It will go back into the black when sales tax payments reach the treasury in July.

CROOKED HOLES

State investigators from the Railroad Commission report that of the first eight oil wells in the East Texas Field tested, seven were "deviated" beyond the three per cent allowed by commission rules.

The work is slow, so it may be months, even years, before the extent of the crooked - hole drilling program in that giant field is known.

Atty. Gen. Will Wilson has filed one civil lawsuit, contending that a group of operators drilled four wells on a slant so the bottoms of the holes were on someone else's property, and that they plugged two more wells with cement before the ycould be tested.

BACKYARD BARBECUE

Few aromas do a better job of whetting jaded summer appetites than those coming from a backyard barbecue. The backyard chef has a wide array of meats available but because of very favorable prices, F. Z. Beanblossom, poultry marketing specialist, Texas suggests broilers.

TP&L President Named President Of Edison Co.

W. W. Lynch, president of Texas Power & Light Company, has been elected president of the Edison lectric Institute by its Board of Directors. Installation of the new president was made Wednesday at the closing session of the Institute's 30th Annual Convention in Atlantic City.

Vice president of the Institute since last June, Lynch succeeds Philip A. Fleger, Chairman of the Board and President of Duquesne Light Company, as head of the trade association of the nation's investor - owned electric utility companies.

After graduation from Texas A& M College in 1922, Lynch spend a year and a half with Westinghouse Electric Manufacturing Company, joining Texas Power & Light Company in 1923. He served successively as design assistant, field electrician and foreman, and superintendent of distribution before he was elected vice president of the Company in 1936. He was named executive vice president in 1949. He is vice president, director and a member of the Executive Committee of Texas Utilities Company.

At the installation Lynch said the United States leads the world in the scope and quality of its electric power supply. He said the U. S. has ample reserves which are as large as the combined systems of the five next largest nations of the world, and our capacity is three times larger than Russia. He added the industry has ample talent and financial strength to meet every growth problem of the future.

On the other hand, we are faced with an array of developments that threaten our industry and American business in general. The same forces and ideologies, from which they spring, also support an amazing accumulation of inept theories that plague business, agriculture and trade, and if continued will sap the vitality of free enterprise itself, which is the true impetus to our growth and development as a nation," Lynch stated.

We need to develop broad public understanding of the problems we face and of their implications to our citizenship, to American business and to labor. Freedom is never lost by a vote of the people on the subject itself; but when there seeps away the spirit that caused the guaranties of human liberty to be written, the documented principles become meaningless," Lynch said

He concluded there is a broad and vigorous upsurge of educational levels in the nation. Lynch said the president of one of our most repected institutions expects that within perhaps five years, and certainly within ten years, the students entering his institution from high school will have educational training comparable to those graduating today. He explained, however, that unless these graduates finally understand the basic principles of our freedom, it will be in vain. Today, he reported, less than four per cent of high school and college graduates have had any schooling in economics. It is not surprising then, he said, that as a nation we are so guillible to impossible promises.

THE OLD PHILOSOPHER

Philosopher Ponders Strange Ability Of Russians To Worry About Their Well - Fed Bosses

Dear editar

As everybody knows, if American space scientists were as far ahead of Russian space scientists as American farmers are of Russian farmers, we probably would already have conquered the moon and been dyeing Mars or Venice. In fact, we might have been to those places too and come back saying there's nothing out there worth conquering.

I don't know why this is, unless it's just that farmers are smarter than scientists, although maybe not as well paid.

But what brought this up was an announcement last week by Mr. Khrushchev that he was raising the price of meat and butter in Russia by 30 per cent, and what interested me was the little speech the dictator gave following the increase.

"I wouldn't say this is pleasant for the people", he said, "but the people understand that this is far more unpleasant for the Central Committee and for the rest of the government."

Now this type of "understanding" baffles me. If the Russian people can understand how it's more painful and unpleasant to the Communist bosses, who already have all the cars, all the best apartments, and all the best food, to raise prices on food because there's not enough to go around, then they're far more sensitive than the rest of us.

I can see an ordinary Russian walking past a Communist official's house and imagining him inside eating a steak and buttering his bread and feeling downright sorry for him because he's eating with the memory still fresh in his mind of having to vote to raise the price of meat and butter 30 percent. It's enough to take away his own appetite for the cabbage soup waiting for him in his one - room apartment.

With this type of understanding, there's no limit to what the Russian bosses can pull off. In time though the Russians may learn that it's easier to order a space craft than a crop of wheat.

Yours faithfully,
J.A.

REPORTABLE DISEASES

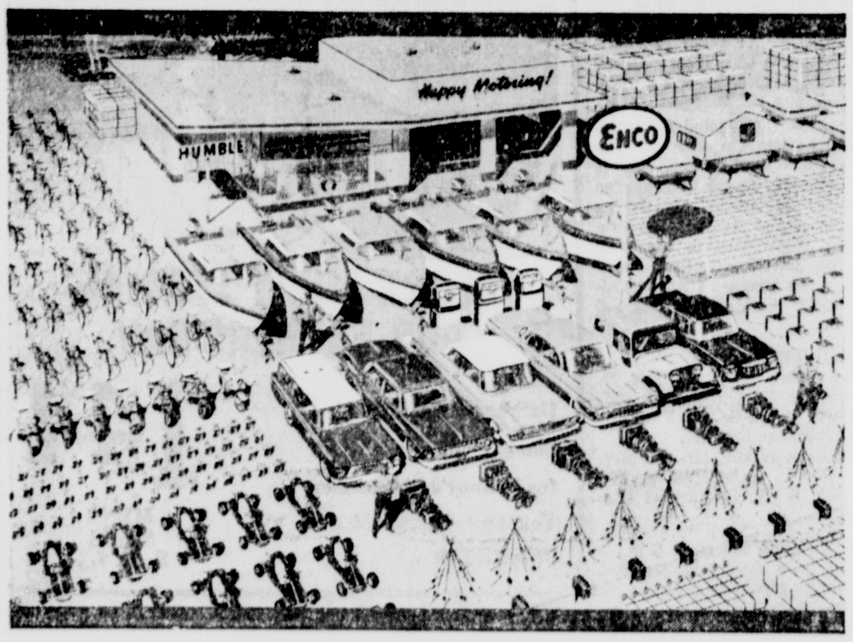

Reportable diseases in Milam County for the week ending, Saturday, June 9, according to Dr. T. E. Crump, acting director were 25 measles, 5 whooping Cough, 16 Strep Throat and 2 Gonorrhea.

SILOS

Local county agents, points out W. S. Allen, extension agricultural engineer, can provide plans and information for constructing different types of silos as well as hints on silage making.

Cadillac

How to pay for a Cadillac—and not get one!

There are several ways that a man can pay the price of a new Cadillac car—and find himself in possession of an automobile of far less stature.

Because there are many motorists currently considering the purchase of their next car, we would like to enumerate these ways of going astray.

1. Assume that the purchase price of a new Cadillac car is higher than it actually is. (There are eleven models of other makes that this year cost more than the lowest-priced Cadillac model.)

2. Fail to appreciate that the basic price of a new Cadillac includes many important things that are *extra* on other cars. (Including automatic transmission, power steering and power braking.)

3. Neglect to find out from a Cadillac dealer what your present car is worth in trade. (He is especially anxious this spring to welcome new owners.)

And if you take one of these detours, think of all the unique pleasures you could be missing.

There is Cadillac's styling—so majestic that it attracts attention wherever it goes.

There is Cadillac's comfort—so wonderful that every journey becomes a brief vacation.

And there is Cadillac's performance—so great that it is without rival on the world's highways.

So we suggest that you play it safe—and get all the facts from your dealer soon.

You might be closer to a Cadillac than you think.

TP&L Cites 50th Anniversary Of Operation In Cen - Texas

Texas Power & Light Company, pioneer of electric transmission service and construction of rural lines in Texas, is 50 years old.

The investor owned Company was organized in 1912 and the new firm acquired a number of locally operated electric systems scattered through North, East and Central Texas. TP&L began serving some 14,000 customers in these towns.

Texas Power & Light Company began service in Cameron in 1926.

On its Golden Anniversary TP&L serves 380,000 customers in 456 cities and towns in a 52-county service area that extends some 290 miles east to west and about 230 miles north to south.

The seven original communities served by the Company were Bonham, Cleburne, Hillsboro, Sherman, Temple, Waco and Waxahachie.

The original local electric systems had problems of voltage and continuity of electric service. Also hundreds of towns and villages had no electric service at all. Some plants operated only from dusk until midnight and from about 5 a. m. until sunrise. Others provided special service on cloudy days and still others supplied daytime service one or two afternoons each week for ironing. Only a mere handful had 24 - hour service.

TP&L began to solve these problems in the various towns and then started construction of Texas' first transmission lines linking many of the communities to assure a dependable supply of electric power. Today the Company has nearly 21,000 miles of transmission and distribution lines.

The early -day electric systems also had problems of rate uniformity. After TP&L acquired these plants the Company reduced and stabilized electric rates. Since its organization, TP&L has reduced electric rates 12 times. Electric rates have been increased only three times, in 1919, 1920 and in 1951 because of inflation following World War I and World War II. The average cost per kilowatt hour for TP&L residential electricity is about one - half what it was 25 years ago.

The Company's first large generating station was built in Waco in 1914. This 12,000 - kilowatt plant together with the plants located in other towns served by the Company, provided ample capacity for serving the entire system load.

TP&L at the end of 1962 will have 12 generating plants, and with additional power purchased will have 1,332,000 kilowatts of electric power, an ample supply to serve the growing 52 - county area. TP&L's newest plant, the Valley Steam Electric Station in North Texas, will be completed in late 1962.

TP&L built the state's first rural line in 1914, a 12,5000 - volt line constructed from Waxahachie to Lancaster, which served a number of farm customers and the towns of Red Oak and Sterrett.

Through the years the Company has followed consistently a policy of providing service to rural customers as rapidly as sound business would permit. By the end of 1930 TP&L was serving some 24,000 farm and rural customers and had built 1,500 miles of rural lines to serve these areas. Also by 1930 the Company extended service to 168 communities which, until that time, had no electric service. Today, TP&L serves more than 100,000 customers living in farm and rural areas.

The Company spent a great deal of effort toward developing the cotton mill and the textile industry in the 1920's frozen food locker plants in the 1930's and subsequently aluminum, steel, glass, food processing, and many other industries.

W. W. Lynch, president of the Company, points out that TP&L's growth from a small group of scattered towns to one of the major companies of the Southwest has been accomplished through the use of private investments, with not a penny advanced by the government. TP&L has paid Federal income taxes alone have amounted to $140 million.

IN SERVICE

GUNTER AFB, ALA. -- Staff Sergeant Eugene Walton Jr. of Rockdale is being reassigned to Altus AFB, Okla., following his graduation from the United States Air Force medical service technician training course here.

Sgt. Walton received advanced training in the technical and supervisory skills connected with the immediate care and treatment of patients.

Son of Mr. and Mrs. Eugene Walton Sr. of Rockdale, the Sgt. is a graduate of Aycock High School, Rockdale. He entered the service in July 1951.

VIRGINIA BEACH, Va. (FHTNC) -- Donald R. Janke, aviation machinist's mate third class, USN, son of Mr. and Mrs. Walter M. Janke of Route 1, Buckholts was advanced to the above rate on May 16 while serving with Fighter Squadron 41 at the Oceana Naval Air Station, Virginia Beach, Va.

Advancement is the result of passing a fleet - wide competitive examination administered last February.

BARKSDALE AFB, LA. -- Master Sergeant Oscar Sproles of Rockdale, has retired from the United States Air Force after more than 20 years active service.

Brigadier General L. E. Lyle, chief of staff, Second Air Force Headquarters, presented the retirement certificate.

Sgt. Sproles, son of Mrs. Stella Sproles, of Rockdale was a supply supervisor prior to his retirement. He entered the service in January 1942. He and his wife, the former Kathleen Cunningham of Northampton England, have three children, Regina, Glen and Cherry.

They will live in Bossier City, La.

In Memory Of "Uncle Annie" (Ernest Vogelsang)

A soul,
Gifted with life's extras,
Kissed eternity last twilight.
A being,
Permeated with impacted moments.
Having professed in the right.
Sharing, loving, giving,
Showing the gladness
He found in true living;
This life, our own beloved.
Though sight knows not his form
Softly in stillness
Portions of those God - given parcels,
Heart, Mind, soul, and time
That he so generously shared,
Remain --
As living, infinite creation.

By Frances Vogelsang Wise

Donald Correu To Preach Here Sunday

Donald Audrey Correu, senior student at Austin Presbyterian Theological Seminary in Austin, will be guest pastor at the Cameron Presbyterian Church Sunday.

Mr. Correu is a graduate of Martin High School in Laredo and Austin College in Sherman. He also attended Laredo Junior College. While in college he was a member of Phil Sigma Alpha fraternity, Westminister Fellowship, was senior senator, and a member of the Slimes and Ex - Slimes organization.

He served seven months in the U. S. Air Force and is married to the former Miss Sandra Kay Peckham of Crowley, La.

A JOB WELL DONE -- PSgt. William K. Leonard, left is welcomed back to his company by his platoon leader, 1st Lt. Donald E. Mitchum and First Sergeant Joe L. Vybrial. Leonard placed first in the advanced class at the Fort Polk NCO Academy. He attended the four-week school for the top - ranking NCO's during May.

Methodist Circles Hold Meet Monday

The circles of the Woman's Society of Christian Service of the First Methodist Church met Monday to organize for the 1962 - 63 year. Thirty-one members attended the meetings.

The Henderson circle met in the home of Mrs. John B.Henderson Sr. The program was "A New Beginning." The Perrin Circle met in the home of Mrs. E. A. Perrin and the McCullin Circle met in the home of Mrs. A. W. McCullin, Sr.

The next circle meetings will be on July 9.

Mrs. Young Hosts Tracy HD Club

Mrs. I. N. West was host at her home for a business meeting and a social hour for the TEL class of the First Baptist Church.

Mrs. West presided over the meeting. Mrs. A. G. Baggerly gave the prayer. Mrs. C. B. Ford reported on the love offering and Mrs. M. A. Baggerly gave the treasurers report. The devotion was presented by Mrs. W. M. Fanning.

A covered dish luncheon was served.

$5,000 For University . ..

Alcoa Foundation Grant For Texas

The University of Texas has received grants and scholarships totaling $5000 from The Alcoa Foundation Alcoa's Rockdale Works Manager, R. R. Sugg, presented the funds to The University of Texas President, Dr. J. R. Smiley, at a meeting today.

One $2500 grant is designated to continue a graduate fellowship in the College of Engineering. Of that amount, $1750 is for the fellowship holder and $750 is an unrestricted grant to the University. The other $2500 will underwrite four $625 engineering scholarships for rising seniors. The Alcoa Foundation doubled the number of scholarships over previous years.

In making the presentation, Sugg said the Alcoa Foundation has a nigh regard for The University of Texas and is glad to lend its support through "this institution for the young men and women of Texas."

Recipients of the graduate fellowship and the four scholarships will be named at a later date.

"Since the Foundation's beginning in 1952, it has presented more than $3 1-2 million in scholarships, fellowships, summer professorships, grants and special endowments to educational institutions." Sugg said.

The Alcoa Foundation was founded for the purpose of using its net income exclusively for religious, charitable, scientific, literary and educational purposes.

Miss Mary Gleason of Burlington and Mrs. Bartel Crennan and her daughter Miss Ellen Francis of Cameron have returned from Houston where they visited a niece and husband Mr. and Mrs. Dan Tolopka and little daughter Mary Elizabeth and also visited the Covingtons who lived here formerly.

PICK a Chevy PACK up the family & GO traveling

If variety is the spice of your life, see the choice selection of buys now at your Chevrolet dealer's One-Stop Shopping Center. One of those new Chevrolets, Chevy II's or Corvairs should suit you perfectly and spare your budget any strain!

We wouldn't presume to tell you which one to buy, but your Chevrolet dealer has more ways of helping you make up your mind. Like the Jet-smooth Chevrolet Impala, luxurious, extremely comfortable, undoubtedly the best riding car in its field; the Chevy II Nova, lively, lovely, and inexpensive, too; the Corvair Monza, a family car that rather thinly disguises its desire to be a sports car; and the Corvette, America's out-and-out sports car. As you see, your Chevrolet dealer has just the tonic for that "let's go traveling" look in your eye. And, what's nice about buying one, you won't have to juggle your life around to afford it. You know?

CHEVROLET

Four Sun 'n' Fun ways to get away (shown top to bottom) are the Corvette, Corvair Monza Coupe, Chevy II Nova Station Wagon and Chevrolet Impala Sport Sedan.

Now, beautiful buying days at your local authorized Chevrolet dealer's Golden Sales Jubilee!

TO SERVE YOU BETTER

fmc CORPORATION Niagara

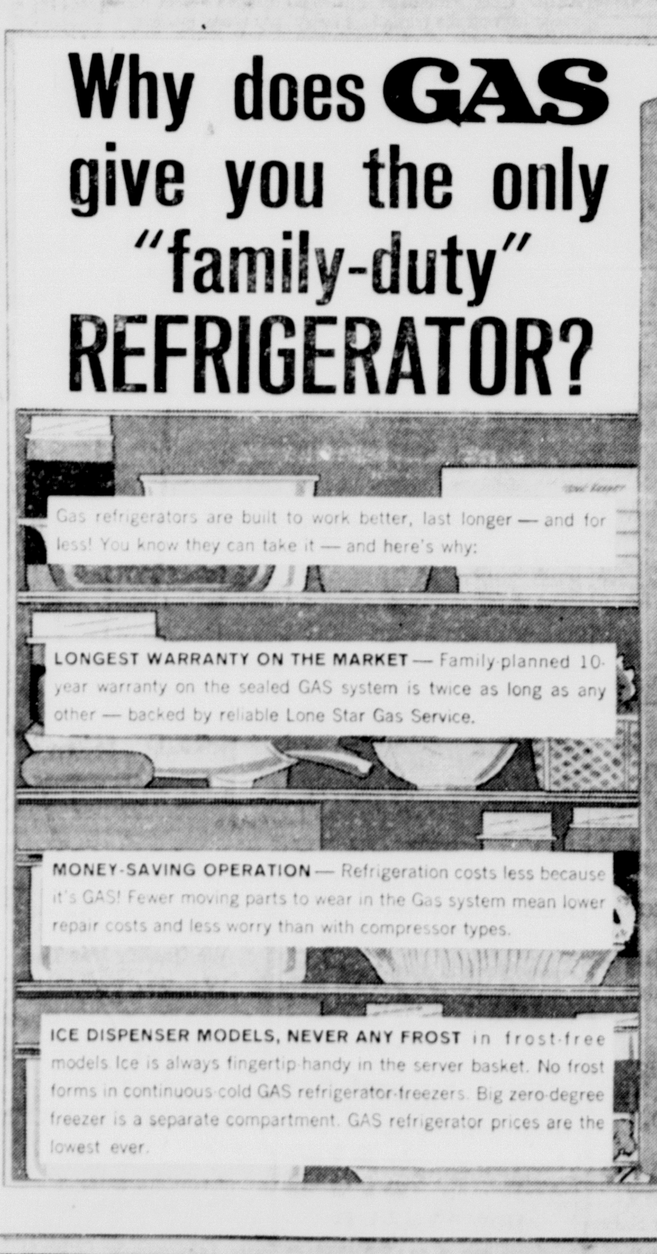

NIAGARA CHEMICAL DIVISION FMC CORPORATION

Niagara has recently installed a new formulating plant and warehouse at Ennis, Texas. We are now able to offer you prompt deliveries of materials and competent technical serivce in the use of modern agricultural chemicals to increase your yields and profits.

CONTACT YOUR LOCAL NIAGARA DEALER

Why does GAS give you the only "family-duty" REFRIGERATOR?

Gas refrigerators are built to work better, last longer — and for less! You know they can take it — and here's why:

LONGEST WARRANTY ON THE MARKET — Family-planned 10-year warranty on the sealed GAS system is twice as long as any other — backed by reliable Lone Star Gas Service.

MONEY-SAVING OPERATION — Refrigeration costs less because it's GAS! Fewer moving parts to wear in the Gas system mean lower repair costs and less worry than with compressor types.

ICE DISPENSER MODELS, NEVER ANY FROST in frost-free models Ice is always fingertip-handy in the server basket. No frost forms in continuous-cold GAS refrigerator-freezers. Big zero-degree freezer is a separate compartment. GAS refrigerator prices are the lowest ever.

4-H Club Notes

By Pat C. Garner
Ass't Milam County Agent

Don Glaser, Pat Wallace, Jack Ruzicka and Dwight Fuchs placed Second in the Poultry Judging Contest at State 4-H Roundup held at College Station, June 5, 6, 7. The team had an overall score of 1917 points and Don Glaser had the second highest individual score in the entire contest with 647.5 points. Don is the son of Mr. and Mrs. Arnold Glaser of Rt. 2, Buckholts.

In the Dairy Judging Contest, Martin Jistel, Arvell Jungmann, JoAnn Hollas and LaNell Moraw placed 7th as a team and 5th in the Jersey Division. They had a team score of 1400 points.

Both teams had previously placed First in their respective contests in the District Elmininations held in mid April of this year.

The teams were accompanied to Roundup by Mrs. Hugo Hollas and county Extension agents.

There will be a meeting of the 4-H Junior Sheep Club, Thursday, June 14, at 3:30 p. m., in the county extension office.

All 4-H members that plan to feed lambs for next year are urged to attend this meeting. Lambs will be selected the following week.

INSECT CONTROL

Three popular insect control guides have been revised by entomologists of the Texas Agricultural Extension Service and copies are available from county extension offices. They are L-255, Vegetable Guide; L-256, Livestock Guide and L-219, Ways to Fight the Pink Bollworm in Texas.

EI&E

By E. K. Shaw

4-H CLUBBERS POULTRY PROJECTS

Eight Milam County 4-H Club boys and girls are carrying broilers and laying hen demonstrations. The baby chicks were donated by the Ideal and Hornung Bros. Hatcheries.

The number of birds range from 10 pullets per project, to 25 cockerels.

Project recipients were L. S. Stephens, Dwight Cheffen, Edward Petty, Elza Raye Daniels and Charles Aycox.

The boys and girls will be given training on management practice for poultry production and keep records on feed consumption, number raised and record entire project results.

TRAINING MEETINGS

Periodical training meetings will be conducted during the summer months with 4-H Club boys and girls.

The first meeting was held Wednesday, June 13, at 9 a. m. in the Extension Office. A representative number of 4-H Club officers and members from throughout the county were present.

The training included Parliamentary procedure, How to Conduct Meetings for Best Results, Record Keeping and 4-H Method Demonstrations.

PEACE COPPS INFO

Any boy or girl who is a high school graduate and would like to become a member of the Peace Corps should contact the Extension Office for further information.

RODENT CONTROL

The Cause Community Improvement Group is participating in a Rodent Control Program in cooperation with the County Extension Program Building Committee under the direction of the County Extension Service.

Virgil Parsons, District Field Representative and Extension Rodent Control Specialist, has scheduled demonstrations on farms and around homes in the Gause community.

Other communities wishing to participate in this program, or receive training should contact the local Extension Office.

Sows (all classes) 330 to 560 lbs	12.10	13.40
Boars	7.50	

COTTON REPORT

Field operations in all areas were at a standstill most of the week. Widespread rains from 1 to 5 inches broke the severe drought that had prevailed throughout the area. The dryland sections of the Lubbock area received only scattered showers to light rains. Recurring thunderstorms accompanied by high winds and hail dumped heavy spotted rains in numerous localities. While the area covered was usually small, considerable crop damage was inflicted according to reports. The dryland acreage of the Lubbock area was still in need of moisture to plant. Some of this acreage was up but plants needed moisture to sustain growth. Cultivation was active in the irrigated acreage where stands are generally good. Rains of 2 to 4 inches were common in central, East and North Texas, leaving fields too wet to cultivate or replant. Stands are generally good and the moisture will benefit prospects. Good rains in the Coastal Bend area boosted crop conditions in most sections. Crop outlook is still poor in some sections of the southern counties. Hot, dry weather is needed for cultivation and plant growth. The Valley crop was making good to excellent progress. Plants were well fruited and shedding was normal. Fields were coming up to a good stand.

Buckholts —

Lubbock Guests Visit Hundles

By Mrs. J. W. Meyer

Mr. and Mrs. Mike Wasserman and children of Lubbock are visiting here as guests of her parents Mr. and Mrs. Charlie Hundle.

Miss Emma Meyer who has been under medical treatment at her home the past week is reported to be improving.

Mr. and Mrs. Herman Fuchs were in Cameron Sunday to attend the Stark family reunion held at the KC Hall there.

Mr. and Mrs. Marvin Slovacek and children, Marin Joe, Diane and Lori of San Antonio will arrive Thursday for a visit with his parents Mr. and Mrs. J. R. Slovacek.

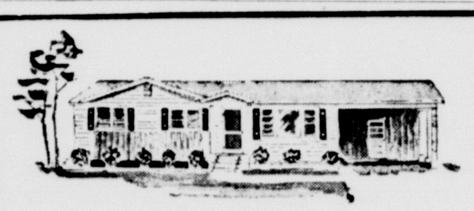

WEEDS

Weeds compete with pasture and meadow plants for moisture, plant nutrients, light and space. They often reduce yields by half, points out E. M. Trew, extension pasture specialist. He suggests that the local county agent be contacted for detailed information on weed control practices.

PERSONALS --

Miss Ruth Barkameyer of Denton College spent a few days here between semesters with her parents Mr. and Mrs. George Barkemeyer and Georgia. She was accompanied back to Denton Sunday by her sister Georgia who plans to go to school and work there. They were accompanied to Denton by their parents Sunday morning. They returned to Burlington Sunday night

St. Monica's Society Has Meeting June 5

The St. Monica's Ladies and Christian Mothers Society held its regular meeting Tuesday, June 5 at Simon - George Hall.

The meeting was called to order and opened with a prayer by the president.

Reports were heard from Altar and Sanctuary Clerical Endowment and Spiritual Development Chairman, Mrs. Anton Hanel. Rural Life Chairman gave a report on the recent District 8 adult leaders workshop at Kerrville.

The Milam County 4- H Adult Association was organized on May 24 with 28 present. Nine were from St. Monica's Parish. Members of the senior team, Jo Ann Hollas, LaNell Moraw, Martin Jistel and the adult leader, Mrs. Hugo Hollas were in College Station for the dairy judging.

Mrs. Albert Michalka was elected to attend the ladies retreat in Austin June 8 - 10. Also attending will be Mrs. Louis Hollas and Mrs. Frankie Ehler.

Mrs. Michalka was also elected first vice- president following the resignation of Mrs. John Johnson who is moving to Austin. A filled stamp - project book was donated by Mrs. Joe J. Parma. Two teams were organized for the collection of stamps or bookcovers for the plan.

Mrs. Walter Anderle gave a program on the enthronement of the Sacred Heart.

Pastor, Delegate To Attend Meeting

Ruling elder Franklyn Dusek and the Rev. Eugene L. Strickland will attend the summer meeting of the Central Texas Presbytery of the Presbyterian Church, U.S. at the First Church, Waco, June 12, 13.

Ruling elder Alvin Dusek was elected by the Session of the local church to attend the Presbytery as an alternate representative, and will attend the meeting on June 13.

The Presbytery is the second court of the Presbyterian Church and is composed of representatives of churches in the 45 counties of the north - central texas area. Business will consist of reports of the Division of Churches and Division of Ministers. Budgetary plans for 1963 will be discussed and plans made for a canvass of all 'The Tithe," will be adopted for the 1962 stewardship emphasis.

Rosebud Airman In Nuclear Test

With Joint Task Force in the Pacific -- Air Force Lieutenant Colonel Marshall H. Cruse of Rosebud, is participating in "Operation Dominic", the joint Department of Defense - Atomic Energy Commission nuclear test series being conducted in the Pacific.

Colonel Cruse, chief of the staff of the joint task groups conducting the tests, is on special temporary duty for the tests and will return to his permanent Air Force Unit at the conclusion of the operation.

The Colonel, son of Mrs. Florence Cruse of Rosebud, received his M. B. A. degree from George Washington University. His wife is the former Heloise Bowles of Fort Worth.

Operation Dominic is a joint DOD - AEC nuclear test series conducted in the atmosphere over the Pacific Ocean.

Herman Koranek Advances In Navy

MERIDAN, Miss. (FHTNC) -- Herman E. Koranek, yeoman third class, USN, son of Mr. and Mrs. Jimmy F. Koranek of Route 1, Cameron, was advanced to the above rate on May 16 while serving with Training Squadron Seven at the McCain Field naval Auxiliary Air Station Meridian, Miss.

Advancement is the result of passing a fleet-wide competitive examination administered last February.

Draft Quota 188 For July In Texas

AUSTIN — The state quota for Texas draft boards in July calls for 188 men, Colonel Morris S. Schwartz, state Selective Service director, announced Friday.

The state's July call of 188 compares with a quota of 237 for June and 218 for May. The July call is the state's share of a national quota of 5,000 men, all for the Army.

Colonel Schwartz also announced that local boards would send no men for pre - induction physical and mental examinations in July.

Local board quotas for the July call already have been figured and mailed to local boards.

The July quota will be filled with men who are at least 22 years old on July 1, except volunteers and those legally termed delinquent under the draft law, who may be younger.
